Bell 212 Helicopter

This part is used on Bell 212 Helicopters, a powerful twin-engine model known for its versatility and performance in extreme conditions. Often called the "Twin Huey," the Bell 212 excels in both civilian and military roles, from search and rescue to offshore transport. **What Makes the Bell 212**

Exceptional:

- **Twin-Engine Power:** Offers enhanced safety and power, particularly in high-altitude and hot-weather operations.
- **Spacious Cabin:** Accommodates up to 14 passengers or large cargo loads, making it ideal for troop transport and emergency evacuations.
- **Proven Reliability:** Widely used by militaries and emergency services around the world for its dependable performance.
- **Multi-Mission Capability:** Easily configured for SAR, medevac, firefighting, and utility missions.

The Bell 212's adaptability and robust design have made it a go-to helicopter for challenging environments and critical operations.

Condition and Unit of Sale

SURPLUS: Surplus items can be either new or used but remain in good condition. These parts may lack manufacturer documentation but are typically sourced from excess inventories or decommissioned systems. While these products are priced lower due to their surplus nature, they are verified to be functional and suitable for various applications. Surplus parts are an excellent choice for budget-conscious projects and repairs.

SOLD PER EACH: This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.
