

304 - LAMP, INCANDESCENT, NEW SURPLUS, SOLD PER EACH, NSN: 6240-00-155-7793, NIIN: 1557793

Description

304 - LAMP, INCANDESCENT

NSN: 6240-00-155-7793, NIIN: 1557793

New Surplus, Sold Per Each

A type of electric light that produces illumination by passing an electric current through a filament, heating it until it glows. Known for its warm light, but less energy-efficient than modern alternatives like LED or fluorescent lamps.

Specifications

Overall Length: 1.440" *Max*

Average Life Rating In Hours: 500.0

Base Style: Double Contact Bayonet Candelabra

Bulb Designator: G-6

Bulb Light Transmission Characteristic: Transparent

Bulb Style: G (*Globular*)

Emitted Light Characteristic: Colorless

Filament Designation: C-2F

Light Output Rating: 6.000 Beam Candlepower *Nom* Single Rating

Voltage Rating: 28.000 Volts *Nom*

Wattage Rating: 8.400 Watts

Features Provided: Filament Shielding And Heat Resistant Glass

Part Number Info

Part Number: 304

Unpunctuated: 304

NSN:

New Surplus: These parts are classified as new and unused, meaning they have not been installed or placed into service. However, they come without traceability or original manufacturer certifications, which might be required for certain high-level regulatory uses. Our company provides its own Certificate of Conformance (CoC) as a statement of assurance that the parts are in good working condition and have been sourced from reliable channels. These are ideal when the focus is on cost-effectiveness without compromising on quality.

Sold Per Each: This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.

Alternate Part Numbers: Due to the nature of ever-evolving part numbering structure, multiple part numbers may meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm compatibility. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.
