Bell 429 Helicopter

This part is used on Bell 429 Helicopters, a modern twin-engine model that excels in speed, range, and maneuverability. The Bell 429 is known for its advanced avionics, spacious cabin, and versatility, making it ideal for roles such as emergency medical services (EMS), law enforcement, and corporate transport. **Features that Define the Bell 429:**

- **Cutting-Edge Avionics:** Offers advanced systems for navigation, communication, and safety.
- **Spacious and Comfortable Cabin:** Designed for optimal passenger and crew comfort, with easy access for EMS operations.
- **High Speed and Range:** Capable of long-distance flights and rapid deployment to remote locations.
- **Multi-Role Flexibility:** Easily configured for a variety of missions, from corporate transport to law enforcement.

With its state-of-the-art technology and superior performance, the Bell 429 is a premier choice for operators requiring a versatile and reliable helicopter.

Condition and Unit of Sale

SURPLUS: Surplus items can be either new or used but remain in good condition. These parts may lack manufacturer documentation but are typically sourced from excess inventories or decommissioned systems. While these products are priced lower due to their surplus nature, they are verified to be functional and suitable for various applications. Surplus parts are an excellent choice for budget-conscious projects and repairs.

SOLD PER EACH: This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.
