

AN126528 - STUD, PLAIN, NSN: 5307-00-902-4650

Description

AN126528 - STUD, PLAIN

NSN: 5307-00-902-4650

New Surplus, Sold Per Each

A stud is a cylindrical, threaded fastener that typically lacks a head and is threaded on one or both ends. It is used to securely join two components together, often by threading one end into a tapped hole and securing the other end with a nut. Studs are designed to provide a strong and stable connection in mechanical assemblies.

Specifications

Surface Treatment: Cadmium

Material: Steel

Overall Length: 2.990" *min*- 3.010" *max*

Surface Finish: 63.0 Microinches - *Shank*

Thread Direction: Right-Hand - *Nut*

Thread Direction: Right-Hand - *Stud*

Thread Length: 0.615" *min* - 0.635" *max* - *Nut*

Thread Length: 0.834" *min* - 0.854" *max* - *Stud*

Thread Pitch Diameters: 0.2870? - 0.2885" - *Stud*

Thread Quantity Per Inch: 18 - *Stud*

Thread Quantity Per Inch: 24 - *Nut*

Thread Series Designator: UNF - *Nut*

Thread Series Designator: UNS - *Stud*

Thread Size: 0.312" - *Nut*

Thread Size: 0.312" - *Stud*

Part Number Information

Part Number: AN126528

Unpunctuated: AN126528

NSN: 5307-00-902-4650

New Surplus: *These parts are classified as new and unused, meaning they have not been installed or placed into service. However, they come without traceability or original manufacturer certifications, which might be required for certain high-level regulatory uses. Our company provides its own Certificate of Conformance (CoC) as a statement of assurance that the parts are in good working condition and have been sourced from reliable channels. These are ideal when the focus is on cost-effectiveness without compromising on quality.*

Sold Per Each: *This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.*

Product Testing: *Every product is inspected for accuracy, quality, and functionality before shipping to meet our high standards.*

Alternate Part Numbers: *Due to the nature of ever-evolving part numbering structure, multiple part numbers may meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm compatibility. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.*
