

AN320-9 - NUT, PLAIN, SLOTTED, HEXAGON, NEW SURPLUS, SOLD PER EACH, NSN: 5310-00-176-8113, NIIN: 1768113

Description

AN320-9 - NUT, PLAIN, SLOTTED, HEXAGON

NSN: 5310-00-176-8113, NIIN: 1768113

New Surplus, Sold Per Each

A plain, slotted hexagon nut is a six-sided (hexagon) nut with slots cut into one end. These slots are designed to align with a hole drilled through a bolt or other threaded fastener, allowing a cotter pin or safety wire to be inserted to prevent the nut from loosening due to vibration or rotation.

Part Number Info

Part Number: AN320-9

Unpunctuated: AN3209

NSN: 5310-00-176-8113

NIIN: 1768113

Potential Alternates: 23X35, 340-9, A63-45-9, 175S3, 2152

New Surplus: These parts are classified as new and unused, meaning they have not been installed or placed into service. However, they come without traceability or original manufacturer certifications, which might be required for certain high-level regulatory uses. Our company provides its own Certificate of Conformance (CoC) as a statement of assurance that the parts are in good working condition and have been sourced from reliable channels. These are ideal when the focus is on cost-effectiveness without compromising on quality.

Sold Per Each: This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.

Alternate Part Numbers: Due to the nature of ever-evolving part numbering structure, multiple part numbers may meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm compatibility. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.
