

AN742D20 - CLAMP, LOOP, NSN: 5340-00-186-3412, NIIN: 1863412

Description

AN742D20 - CLAMP, LOOP

NSN: 5340-00-186-3412, NIIN: 1863412

New Surplus, Sold Per Each

A Clamp, Loop is a U-shaped fastening device designed to secure cables, hoses, or tubing to surfaces. It features a looped body with a mounting hole for attachment, providing stability, strain relief, and vibration resistance in aerospace, automotive, and industrial applications.

Specifications

Hole Type: Round, Unthreaded

Style/Shape: Single Loop

Material Thickness: 0.064" *nom*

Material: Aluminum Alloy

Diameter: 0.204" *nom*

Inner Diameter Loop: 1.250" *nom*

Loop To Mount Distance: 1.062" *nom*

Loop To Tongue Distance: 1.280" *nom*

Overall Width: 0.500" *nom*

Part Number: AN742D20

Unpunctuated: AN742D20

NSN: 5340-00-186-3412

NIIN: 1863412

Potential Alternates: 192-42119, 5340PL0727357, 755-20, AN742TYPE742D20, MIL-C-8603, R42C18205-185

Replaces Cancelled NSN: 5340-00-200-2781, 5340-00-290-3633, 5340-01-014-4603

AN standards, originally developed by the U.S. Army and Navy, cover a variety of components such as bolts, nuts, and fittings, ensuring compatibility and reliability in military and aerospace systems.

New Surplus: *These parts are classified as new and unused, meaning they have not been installed or placed into service. However, they come without traceability or original manufacturer certifications, which might be required for certain high-level regulatory uses. Our company provides its own Certificate of Conformance (CoC) as a statement of assurance that the parts are in good working condition and have been sourced from reliable channels. These are ideal when the focus is on cost-effectiveness without compromising on quality.*

Sold Per Each: *This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.*

Product Testing: *Every product is inspected for accuracy, quality, and functionality before shipping to meet our high standards.*

Alternate Part Numbers: *Due to the nature of ever-evolving part numbering structure, multiple part numbers may meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm compatibility. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.*
