Handle Thickness: 0.92 in. (23.25 mm)

Overall Length: 14.25 in. (36.2 cm)

Weight: 3.6 oz. (104 g), 5.2 oz. (147.4 g) with sheath

Year Released: 1994

For the ones that didn't get away. The blade is made of Japanese 420J2 stainless steel with just the

right degree of flex to make the job of filleting simple. Neon highlights in the handle make it easy to spot the knife in a marine environment. The co-polymer handle material provides an excellent grip and its soft-yet-firm texture makes the job of filleting even a large catch less fatiguing.

- Long 9-inch blade glides through larger fish
- 420J2 stainless steel has the right amount of flex to make filleting easy; highly corrosion resistant
- Co-polymer handle provides a comfortable, non-slip grip
- Fixed blade knife; ABS sheath included for secure storage or easy belt carry

Information sourced directly from Kershaw Knives. We are proud to be an authorized distributor of Kershaw Knives.

KERSHAW KNIVES

Kershaw knives are renowned for their precision, durability, and innovative designs, making them a trusted choice for outdoor enthusiasts, professionals, and everyday users alike. Each Kershaw knife is crafted with high-quality materials, delivering excellent edge retention, strength, and comfort. Known for pioneering technologies like assisted opening, Kershaw combines functionality with sleek, ergonomic designs that fit seamlessly into any lifestyle. Whether you need a dependable tool for rugged outdoor adventures, worksite demands, or daily carry, Kershaw knives provide performance and reliability with every cut.

History of Kershaw Knives

The knife industry has evolved over the past 50 years, but Kershaw has remained steadfast in its commitment to quality and craftsmanship. Founded by Pete Kershaw, an avid outdoorsman, Kershaw began in 1974 in Lake Oswego, Oregon. Originally focused on hunting knives, Pete searched for the best materials and craftsmanship to ensure lasting quality.

Around this time, Kai, a Japanese company with a long history in crafting fine blades, was expanding internationally. Kershaw and Kai joined forces, merging Pete's quality-focused vision with Kai's experience in bladed tools, creating a partnership that has endured for decades.

The 1990s marked a new chapter for Kershaw, introducing innovative features like the first liner lock knives in the Liner Action series. With Kai CEO Koji Endo's support, Kershaw established a USA manufacturing facility to expand production and innovation. **Industry-Changing Technology** In 1998, Kershaw pioneered the assisted opening mechanism, which revolutionized the knife industry and became a hallmark of the brand. **Innovating for Tomorrow** Today, Kershaw continues to innovate at its Tualatin, Oregon, facility, creating knives with advanced technology, Kershaw Original designs, and collaborations with top custom makers, constantly pushing the boundaries of knife design and functionality.

Part Number Information

Part Number: 1259X

Unpunctuated: 1259X

Product Testing: *Every product is inspected for accuracy, quality, and functionality before shipping to meet our high standards.*

Alternate Part Numbers: *Due to the nature of ever-evolving part numbering structure, multiple part numbers may meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm compatibility. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.*
