New, Sold Per Each

---

### Product Details

**Type:** Tool

**Designer:** Kershaw Originals

**Pocketclip:** None

**Blade Finish/Coating:** Stonewashed finish

**Overall Length:** 3.1 in. (8 cm)

**Weight:** 0.8 oz. (24 g)

**Year Released:** 2018

Kershaw Knife Oil is engineered to protect and enhance your knife's folding mechanism. Wipe away debris and, if needed, wash with a mild detergent. Dry thoroughly. (*You may wish to use compressed air and/or a cotton swab to dry hard-to-reach parts.*) Shake oil well before using. Put a drop of oil on all moving parts. You should be able to access the pivot, detent ball, and detent hole without taking the knife apart. Work the oil in by opening and closing the blade. Wipe away any excess. Apply a light coating of oil to the blade before storing.

- Your Kershaw is a well-oiled machine, make sure it stays that way; enables smoother operation of your knife
- Helps prevent corrosion
- SMT (*Sub-Micron Technology*) absorbs into pores of metals for an even conditioning
- 20 mL bottle; Non-migrating, non-toxic (*nevertheless, consuming this oil is not recommended*)

*Information sourced directly from Kershaw Knives. We are proud to be an authorized distributor of Kershaw Knives.*

## KERSHAW KNIVES

Kershaw knives are renowned for their precision, durability, and innovative designs, making them a trusted choice for outdoor enthusiasts, professionals, and everyday users alike. Each Kershaw knife is crafted with high-quality materials, delivering excellent edge retention, strength, and comfort. Known for pioneering technologies like assisted opening, Kershaw combines functionality with sleek, ergonomic designs that fit seamlessly into any lifestyle. Whether you need a dependable tool for rugged outdoor adventures, worksite demands, or daily carry, Kershaw knives provide performance and reliability with every cut.

### History of Kershaw Knives

The knife industry has evolved over the past 50 years, but Kershaw has remained steadfast in its commitment to quality and craftsmanship. Founded by Pete Kershaw, an avid outdoorsman, Kershaw began in 1974 in Lake Oswego, Oregon. Originally focused on hunting knives, Pete searched for the best materials and craftsmanship to ensure lasting quality.

Around this time, Kai, a Japanese company with a long history in crafting fine blades, was expanding internationally. Kershaw and Kai joined forces, merging Pete's quality-focused vision with Kai's experience in bladed tools, creating a partnership that has endured for decades.

The 1990s marked a new chapter for Kershaw, introducing innovative features like the first liner lock knives in the Liner Action series. With Kai CEO Koji Endo's support, Kershaw established a USA manufacturing facility to expand production and innovation. **Industry-Changing Technology** In 1998, Kershaw pioneered the assisted opening mechanism, which revolutionized the knife industry and became a hallmark of the brand. **Innovating for Tomorrow** Today, Kershaw continues to innovate at its Tualatin, Oregon, facility, creating knives with advanced technology, Kershaw Original designs, and collaborations with top custom makers, constantly pushing the boundaries of knife design and functionality.

## Part Number Information

**Part Number:** KEROIL

**Unpunctuated:** KEROIL

**Product Testing:** *Every product is inspected for accuracy, quality, and functionality before shipping to meet our high standards.*

**Alternate Part Numbers:** *Due to the nature of ever-evolving part numbering structure, multiple part numbers may meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm compatibility. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.*
