MS20470AD8-7 - RIVET (COMING SOON)

Condition: New

Unit of Sale: Sold In Bulk - Priced By Weight

PART NUMBER INFORMATION

Unpunctuated: MS20470AD87

MS STANDARD

MS STANDARD (Military Standard) components are engineered to meet the rigorous requirements of military and aerospace applications, ensuring exceptional **reliability** and **performance** under demanding conditions. Crafted from high-quality materials like **corrosion-resistant steel** and **anodized aluminum alloys**, MS components are designed to withstand extreme environments such as high temperatures and corrosive conditions. Each MS part guarantees compliance with strict standards and is identified by its specific part number. Refer to **specification sheets** for details.

HISTORY

MS STANDARDS were developed in the mid-20th century by the U.S. Department of Defense to streamline parts procurement for military systems. By creating these standards, the military ensured that parts could be reliably interchanged across various platforms, improving supply chain efficiency and reducing maintenance complexity.

Condition and Unit of Sale

NEW: These parts are classified as new and come with one or more of the following supporting documents: pick tickets, packing slips, or original labels from the manufacturer. They may also include certifications such as FAA 8130, ATA 106 forms, a Certificate of Conformance (CoC) from the

manufacturer, ISC Certification, FAA 121 authorization, or JAA Form 1. These documents verify the authenticity and traceability of the parts, making them suitable for regulated industries where stringent documentation is required.

SOLD IN BULK - PRICED BY WEIGHT: This item is sold in bulk and priced by weight. The total price will be determined based on the weight of the item at the time of purchase. This is ideal for projects that require flexibility in quantity. Please refer to the product details for specific weight and pricing information.
