# MS35266-94 - SCREW (COMING SOON)

Condition: New

Unit of Sale: Sold Per Each

#### PART NUMBER INFORMATION

Unpunctuated: MS3526694

# **MS STANDARD**

MS STANDARD (Military Standard) components are engineered to meet the rigorous requirements of military and aerospace applications, ensuring exceptional reliability and performance under demanding conditions. Crafted from high-quality materials like corrosion-resistant steel and anodized aluminum alloys, MS components are designed to withstand extreme environments such as high temperatures and corrosive conditions. Each MS part guarantees compliance with strict standards and is identified by its specific part number. Refer to specification sheets for details.

#### HISTORY

**MS STANDARDS** were developed in the mid-20th century by the U.S. Department of Defense to streamline parts procurement for military systems. By creating these standards, the military ensured that parts could be reliably interchanged across various platforms, improving supply chain efficiency and reducing maintenance complexity.

## Condition and Unit of Sale

**NEW:** These parts are classified as new and come with one or more of the following supporting documents: pick tickets, packing slips, or original labels from the manufacturer. They may also include certifications such as FAA 8130, ATA 106 forms, a Certificate of Conformance (CoC) from the

manufacturer, ISC Certification, FAA 121 authorization, or JAA Form 1. These documents verify the authenticity and traceability of the parts, making them suitable for regulated industries where stringent documentation is required.

**SOLD PER EACH:** This item is sold individually, with the price listed for a single unit. Perfect for purchasing the exact quantity needed without the requirement to buy in bulk. For larger quantities, consider reviewing any available bulk pricing options.
