- Handle Material:** Glass-filled nylon, rubber overlay
- Overall Length:** 15.9 in. (*40.4 cm*)
- Weight:** 8.7 oz. (*247 g*)
- Year Released:**

2021

Kershaw brings back its folding saw with a revamped handle and a new tan color. The Taskmaster Saw 2 removes the finger grooves from the original model, modernizing the design, but still providing plenty of control with its rubberized grips. For elevated use in a tree, the wider lanyard loop is easy to use and keeps the saw secure. The Taskmaster Saw 2 is an excellent choice for camping or hunting trips — compact and tough enough to take on even sizable branches—but it's also perfect for backyard tasks. Got some overgrown underbrush? A dead tree limb? Some quick pruning to do? This is your tool.

- Compact, powerful folding saw
- High-carbon steel, nickel plated for additional blade protection
- Revamped glass-filled nylon handle with rubberized overmold for secure, comfortable grip
- Push-button lock keeps the blade safely open during use, then releases with the push of a button for storage; included lanyard hole
- Tan handle color matches Deschutes axe and Camp 10 – Tan machete

Information sourced directly from Kershaw Knives. We are proud to be an authorized distributor of Kershaw Knives.

KERSHAW KNIVES

Kershaw knives are renowned for their precision, durability, and innovative designs, making them a trusted choice for outdoor enthusiasts, professionals, and everyday users alike. Each Kershaw knife is crafted with high-quality materials, delivering excellent edge retention, strength, and comfort. Known for pioneering technologies like assisted opening, Kershaw combines functionality with sleek, ergonomic designs that fit seamlessly into any lifestyle. Whether you need a dependable tool for rugged outdoor adventures, worksite demands, or daily carry, Kershaw knives provide performance and reliability with every cut.

History of Kershaw Knives

The knife industry has evolved over the past 50 years, but Kershaw has remained steadfast in its commitment to quality and craftsmanship. Founded by Pete Kershaw, an avid outdoorsman, Kershaw began in 1974 in Lake Oswego, Oregon. Originally focused on hunting knives, Pete searched for the best materials and craftsmanship to ensure lasting quality.

Around this time, Kai, a Japanese company with a long history in crafting fine blades, was expanding internationally. Kershaw and Kai joined forces, merging Pete's quality-focused vision with Kai's experience in bladed tools, creating a partnership that has endured for decades.

The 1990s marked a new chapter for Kershaw, introducing innovative features like the first liner lock knives in the Liner Action series. With Kai CEO Koji Endo's support, Kershaw established a USA manufacturing facility to expand production and innovation. **Industry-Changing Technology** In 1998, Kershaw pioneered the assisted opening mechanism, which revolutionized the knife industry and became a hallmark of the brand. **Innovating for Tomorrow** Today, Kershaw continues to innovate at its Tualatin, Oregon, facility, creating knives with advanced technology, Kershaw Original designs, and collaborations with top custom makers, constantly pushing the boundaries of knife design and functionality.

Part Number Information

Part Number: 2556

Unpunctuated: 2556

Product Testing: *Every product is inspected for accuracy, quality, and functionality before shipping to meet our high standards.*

Alternate Part Numbers: *Due to the nature of ever-evolving part numbering structure, multiple part numbers may meet the same specifications and performance standards. If only an alternate part number is available, we will contact you to confirm compatibility. We strongly recommend consulting the appropriate repair manuals to ensure accuracy before using an alternate part.*
